environment
friends
what the market offers

PAIN

fears
frustrations
obstacles

GAIN

"wants" / needs
measures of success
obstacles

To effectively
make the
connection
with gadgets
more

Making a
new hand
gesture might
be
troublesome

recollecting
of many hand
gestures for
human might be
difficult

Assist you with
pointing
to people and
things in your
surroundings

Gives a
new structure
for
people to
connect with
devices

Real-time data
to a computer
to make it fulfill
the user's
commands

This model uses
the coordinated
webcam to
capture the
video frame

Trained on the
images with various
hand gestures,
such as a showing
numbers with
fingers as 1,2,3,4.

Compared with
the Pre-trained
model and the
gesture is
identified

Imparts
an enormous
thought or
idea.

Those gestures
most likely are
helping you
express your
contemplations
substantially more

Implement
in day to
day life

Images or video
may not be under
predictable
lighting, or in the
same area

Combination
of
movements,
Diversity of
gesture

Gesture are
difficult in
understanding,
informal
etiquette

Capturing and
getting the
information for
future
use
